

# Lanesfield Primary School Sports Premium Funding 2019-2020

**J Cotham**

To create a school with a unique atmosphere and endless opportunities. Where every child is known as an individual, and instilled with the belief that anything is possible, and succeeds beyond expectation.

At Lanesfield Primary School, we want to support our children to lead healthy and active lives. Through the teaching of PE, Science and PSHE we aim to support our children's health and wellbeing. Through our curriculum, the school day and extra-curricular activities our aim is to allow children to experience a range of physical activities, and a broad opportunity of sports and competition.

The Primary Physical Education and School Sport Funding allows us to continually develop teaching knowledge and improve experiences for our children. The funding we receive allows us to employ a physical education teacher who can lead and work with staff members to up skill their delivery of Physical Education. The funding also allows us to have the use of minibus, which facilitates our ability to attend School Games events and swimming lessons. Extra-curricular provision is supported by the PE Premium by employing coaches from Wolverhampton Wanderers and allowing access to the ECB All Stars and Dynamos programmes.

Our aims for PE and sport at Lanesfield:

- Improve the facilities (including equipment) to support the development of the PE Curriculum and School Sport
- To develop a curriculum allowing many physical and sporting opportunities
- To raise the profile of PE and improve understanding of maintaining a healthy active lifestyle
- To allow all teachers to have the confidence and knowledge to support PE, physical activity and sport
- To achieve AfPE accreditation to support our delivery of PE
