

Accessibility Plan - DDA outcomes: 2022-2023

Activity	Responsible	Timescale	Outcome/Response
<p><u>Comments re correspondence from school:</u></p> <p>No all information is shared, however maybe sometimes there is a delay on information e.g. meeting for Kingswood Trip advised on the afternoon of Monday for a meeting on Tuesday. As a working mom it makes it really difficult to get out of work at short notice.</p> <p>I do find it difficult to access the school curriculum, I had to ask for a weekly timetable to be provided. I think this should be accessible on the website for each class with the main topics for each subject for each term.</p> <p>I wish letters were sent out. I quite often miss letters and trip information from the parent mail app. I do prefer having a letter sent home so I can pin to diary to keep a track of any important dates.</p> <p>The communication between the school and the parents needs some serious work. Either given no information regarding changes or only bits and having to try and figure out the rest on our own.</p> <p>letters from school spellings</p> <p>Too many apps with everything here there and everywhere not having paper copies makes it hard to remember to keep looking online for information- upcoming events etc</p> <p>Would prefer letters to be sent rather than online sometimes you can miss things especially when you've got a number of different apps with children in different schools</p>	<p>ZR</p> <p>ZR</p> <p>ZR</p> <p>ZR</p> <p>ZR</p>	<p>Immediately</p>	<p>Agree and apologise that the meeting for Kingswood was sent out too late. This was a missed date. We plan an annual diary with meetings planned and shared regularly.</p> <p>The school curriculum is online. However, we do not currently have class areas. We do plan to develop this is 2022-2023. All lessons are uploaded to school's remote learning platform, Showbie.</p> <p>Parentmail is out main communication method. Any parent who requires paper copies just needs to make the school office aware. We send out fortnightly Newsletters on Parentmail and facebook. An annual calendar is also sent out to parents at the beginning of the school year.</p> <p>All school spellings are available on remote learning platform and on school website. Paper copies are also available.</p> <p>We are looking at ways to reduce the amount of apps school use.</p>

<p>School website no longer displays Facebook and twitter feeds and unless I use Facebook miss out on information</p> <p>More detail when sending information about after school activities such as top hat club I didn't know what my child would be doing when in the club.</p> <p>Parents evening should be face -face not online</p> <p>"Didn't appreciate 2 days notice regarding World Book Day! Being a full time working parent I struggled to put together a costume for my child to wear after having only 2 days notice."</p>	<p>ZR</p> <p>ZR</p> <p>ZR</p> <p>ZR</p>		<p>Facebook is still accessible from the school website. Twitter is no longer used following previous parent feedback.</p> <p>We will look to expand information sent out in letters to try and ensure parents understand. We will also make both teachers and children aware.</p> <p>In 2022-2023 parents evening will be delivered both through Showbie and 1:1.</p> <p>Parents were advised of the world book day date in the diary dates sent to parents at the beginning of the school year. It has also been shared in Newsletters from January onwards.</p>
<p><u>School website comments:</u></p> <p>The website should be more interactive and gives access to more information</p> <p>On the school website would be good to easy access the half term dates.</p> <p>if posting on Facebook someone should answer queries. we've had no answers back to questions a couple of times.</p> <p>In my opinion, the most important and current information could be sent via SMS. This type of communication is most suitable for everyone.</p>	<p>ZR</p> <p>ZR</p> <p>ZR</p> <p>ZR</p>		<p>We would appreciate all suggestions and feedback. We will contact individual directly to attain what information is required.</p> <p>These are included on the website and located under Parents/School Calendar.</p> <p>Feedback messages are always answered directly to the person. If you have not received an answer, please contact school directly and we will query this with our IT support.</p> <p>We do use texts as a reminder however this method is not suitable for longer messages where we have to give parents a lot of information.</p>

<p>The pathway at the back of the school is too narrow. When the field is muddy quite tricky to wait for the kid to come out from the classroom. Think need to make wider.</p> <p>By the tyres pathway to pink class the mud has been eroded away and the kerb stones stand proud of surrounding land which could be a trip hazard for the children coming from the tyres to the path. Think need to make [path wider so parents can go past and wait by door instead of on wet grass/mud.</p> <p>Need to ask parents not block the path by standing in the middle of the path talking, mainly around main exits.</p> <p>"The alleyway down the side of the old Rookery Tavern is always overgrown, littered with rubbish and sometimes dangerous. It is the easiest route for us, but very unpleasant to use!"</p> <p><u>Additional Comments:</u></p> <p>Lanesfield has great communication with parents.</p> <p>Everything is good.</p>	<p>ZR</p> <p>ZR</p> <p>ZR</p>		<p>We have requested help with this from LA as school would not be able to widen without increased budget as cost would be extensive.</p> <p>We have put a reminder out to parents regarding this. It was done in our June 2022 newsletter (number 18).</p> <p>We have highlighted this to highways. We would ask parents to report ongoing issues to 101 so we can get some action.</p>
