

Accessibility Plan - DDA outcomes: 2018-2019

Activity	Responsible	Timescale	Outcome/Response
<p><u>Comments re correspondence from school:</u> Newsletters and information from school seems late, short notice, informed via text at short notice.</p>	ZR	<p>Completed June 2017 Completed September 2018 Completed September 2018 Agreed September 2018</p>	<p>Comment from previous DDA. Actions carried out:</p> <ul style="list-style-type: none"> • Successfully appointed a receptionist June 2017. • Whole school calendar of dates sent out at start of school year. • Newsletters consistently being sent out every 2 weeks • Adopted a school standard font size
<p><u>School website comments:</u> Website is difficult to navigate from a mobile device</p> <p>To have a bit more notice when it comes to achievement assemblies as sometimes it's hard to get time off work with short notice.</p> <p>Keep info up-to-date and current, add a page for what's happening in the area.</p> <p>More information on school holidays.</p>	<p>ZR</p> <p>ZR/Teachers</p> <p>ZR</p> <p>ZR/AB</p>	<p>Ongoing</p> <p>Already implemented</p> <p>Completed November 2018</p> <p>All showing on website - November 2018</p>	<p>Liaised with our IT support to adapt and modify current website. This is still an area to develop and we are looking to redesign the website so it is suitable for all formats.</p> <p>Assemblies should be notified week before - parents to let school know if this is not the case. We have a target of 3 weeks for letters and dates on Newsletters.</p> <p>Thank you, this is a good idea and we will aim to include details that we are aware of.</p> <p>All holidays for the next 2 years can be found on the school website. We aim to plan dates for inset days and share these with parents at the beginning of each academic year.</p>
<p><u>Comments when coming into school:</u> Path widening would help when dropping off and picking up children.</p>	ZR	Completed	<p>We have been concerned that parents have to stand on the grass and will look at options of widening walkways or creating a standing area for parents.</p>

<p>Sometimes staff do not give us information on where to go. Small ledge on entrance to school.</p>	<p>ZR</p>	<p>Completed</p>	<p>This is a health and safety concern and we will put in the rolling program for building improvements.</p>
<p>Some staff are rude.</p>	<p>ZR</p>	<p>Staff training ongoing and all admin staff able to support when needed.</p>	<p>Apologies that we have not met this target which was an action from the last DDA. We plan to have staff training in place to support managing times that are busy on phones and reception. Additionally, we plan to widen the reception window.</p>
<p>The rear access back from the galley to the gate is very uneven.</p>	<p>ZR/Local authority</p>	<p>Ongoing</p>	<p>We have reported this to the local council and have also contacted the local MP for support with additional access into school.</p>
<p>More shelter for parents when waiting for children and more pathway room. Pathway is too small including the entrance pathway. Should say on classroom door the year or classroom colour, need signage on doors.</p>	<p>ZR</p>	<p>Labels added to classroom doors - Spring 2019</p>	<p>We will explore options to address this area and highlight this to the local authority as part of school improvement. We will aim to add this in with the work carried out in the school building program. This year we added labels to doors.</p>
<p>When walking through the alleyway located at the back of school, the bushes could do with cutting back as there are thorn bushes and have stinging nettles.</p>	<p>ZR/Local authority</p>	<p>Ongoing</p>	<p>We have a regular ground contract with responsibility for the exterior of our school. However, the alleyway is a local authority council led concern.</p>
<p>Parking around the school is really bad. Parents have no consideration for parents that walk their children to school. Something needs to be done about this problem as someone will get hurt. Narrow road leading to gates, parked cars can make it quite dangerous with so many children in the vicinity.</p>	<p>ZR</p>	<p>Yellow lines and additional markings added.</p>	<p>We have tried repeatedly, in lots of ways, to prevent this including funding a school crossing patrol officer. However, we have not been supported by the local authority. However, we have been successful in increasing the yellow lines outside of school. We are currently working with a local MP to try to find an additional entrance to school to ease traffic congestion.</p>
<p>Difficult to park near the school. Blue badge holder and still difficult to park near. Would be nice if there were disabled parking bays around school for disabled badge holders like myself.</p>	<p>ZR</p>	<p>Completed, parents made aware October 2018.</p>	<p>We would be happy to arrange for disabled badge holders to pull onto the school in a careful and controlled way to drop off children.</p>
